

O&G Directory: Drilling & Well Services

345 sites listed in this category.

[2H Offshore](#)

2H Offshore is a global engineering contractor specializing in the design, structural analysis and integrity management of riser and conductor systems, used in the drilling and production of offshore oil and gas.

Website: www.2hoffshore.com

[AAK ENERGY Ltd](#)

AAK Energy is based in Jordan and works with partners in the MENA, Caspian and Asian area. We support our relations with Technical services, Rig Management and as Drilling contractor.

Website: www.aak.no

[Accurate Safety Compliance](#)

Oil & Gas Safety services and training programs. We have a strong relationship with safety professionals in the USA. How may we be of service to you?

Website: www accuratesafetyco.com

[Acoustical Control, Inc.](#)

Specializing in Oil and Gas industry noise control

Website: acousticalcontrol-inc.com

[Acteon](#)

Acteon, through the collective strength of its operating companies, links subsea services across a range of interconnected disciplines to provide unique skills and technologies.

Website: www.acteon.com

[Aeropoint Land Surveyors, Ilc.](#)

Aeropoint provides surveying services and can get the surveying projects done in the field and in the office.

Website: aeropointls.com

[AES Marine Consultants LLC](#)

Whether it is sophisticated Technical HSE Consulting, HSE Program Development, Learning Management Systems (LMS/CBT) Administration, or Site Project Safety Management Services; AES Marine has a cost-effective helpful approach for today's employers.

Website: www.aesmarine.com

[Air Drilling Associates](#)

Air Drilling Associates is one of the largest providers of air/foam/aerated fluids drilling services to the petroleum and geothermal energy industries.

Website: www.airdrilling.com

Air Powered Hoists and Winches

Air chain hoists, capacities 275 lbs ? 100 T. Geared air and hydraulic power- red trolleys up to 20 T. Hydraulic chain hoists up to 100 T. Air and hydraulic monorail hoists up to 100 T. BOP handling systems up to 250 UST.

Website: www.jdn.de

Algarve Drilling & Training Consultants

ADTC was established to address the need for highly qualified and experienced personnel for the energy sector. As a leading oilfield consultancy, providing resource solutions, ADTC takes pride in our ability to provide high calibre professionals.

Website: www.adtc.nl

Alirtiq Company

Alirtiq oilfields services company, is a Libyan company especially in the areas of multi-disciplinary engineering, and acids and chemicals and workover .

Website: www.irtiq-fofs.com

All Clean PWS

All CLEAN PWS is a LLC company, Louisiana State Licensed, Insured and Permitted by the EPA/DEQ to transport waste generated by recovery. We are the latest in state of the art pressure washing and Eco friendly technology.

Website: www.allcleanpws.com

American Diapax

American Diapax, Inc. is located in Houston, Texas. We offer PDC products for businesses in a variety of industries, including Oil, Gas, Mining, and Construction. Our products are carefully designed and evaluated.

Website: www.am-diapax.com

American Environmental Assessments

American Environmental is a leading environmental company located in Brooklyn, NY; providing environmental services.

Website: www.aeasinc.com

American Oilfield Tools

We have everything from balancing straps and float valves to centrifuge decanters and complete mud systems. We also carry blowout preventers, roller chain, stand pipe, sucker rod couplings, swaging tools, rotary slips, tong dies, and much more.

Website: www.americanoilfieldtools.com

Amerisun

Supplier of Fast Hydrating Guar Gum Powder of various viscosity used in oil well drilling and fracturing, CMC - Carboxy Methyl Cellulose.

Website: www.amerisuncorp.com

AMG Bolting Solutions

AMG Bolting Solutions provides a safe and specific turnkey torque solutions that will enable you to be more efficient and will save you time and money.

Website: amgtorque.com/

AOS Orwell

AOS Orwell are the leading indigenous Oilfield Service Company with focus on Nigeria. Offering a full range of services through 3 divisions. Wellborn Construction, Process Management and Titan Tubulars Manufacturing.

Website: www.aosorwell.com

Apac Well Services

We are well services manpower and equipment company, which we can supply quality personnel to the oil and gas region

Website: www.apacwellservices.com.my

APDE- Asia Pacific Drilling Engineering

Asia Pacific Drilling Engineering (APDE) has been established to provide high quality services and products for oil and gas industry.

Website: www.apde.co.th

APS Technology Inc.

APS Technology designs, develops and manufactures off-the-shelf and custom electromechanical, instrumentation, sensor and software designs for the oilfield. Our product families include MWD/LWD, Vibration Management, and Drilling Optimization.

Website: www.aps-tech.com

Arcadian Technologies

Arcadian Technologies are your Aeration Technology experts. We specialize in Lagoon Aeration Technology for the gas and oil industries, as well as professional system design and installation.

Website: www.arcariantech.com

Ardvik Trading & Supply.

Ardvik UK is one of the UK's premier procurement companies, saving you time and money for over twenty years. We supply a wide range of products to the oil and gas industry including oil field supplies, butterfly valves and drilling rig equipment .

Website: www.ardvik.com

Armstrong Steel

Armstrong Steel is a leading supplier of pre-engineered steel buildings and conventional buildings for commercial, industrial and religious building projects.

Website: www.armstrongsteelbuildings.com

Augustus Oilfield Services Inc

AOS strives to be the one stop solution to facilitate and optimize our clients operations in North Africa. We offer the following services: Integrated Logistics Services, Drilling and Well Services and Human Capital and Technical Expertise.

Website: www.augustusoil.com/

Axess Group

Axess Group is a global partner delivering world-class integrity solutions, providing exceptional Asset Integrity Management, Engineering Solutions, Consultancy Services, Products, Technology and Software Solutions for all topside systems.

Website: www.axessgroup.com

Axis Well Technology

Axis Well Technology is the UK's largest independent consultancy, providing fully-integrated solutions for Well Technology and Reservoir Development to the UK and international upstream oil and gas market.

Website: www.axis-wt.com

Aztec Bolting Services, Inc.

Aztec Bolting is an industry leader providing torque, tension, and bolt testing equipment for critical applications. A full service facility, offering sales, rentals, field services, small tool repairs. ISO 17025 Accredited calibration services.

Website: www.bolting.com

Ballou Energy LLC

Ballou Energy LLC is dedicated to making the world's energy come to life. We pride ourselves in our state of the art geological surveying to provide maximum production to our landowners, investors and team.

Website: www.ballouenergy.weebly.com

Barton & Associates Land Surveying, LLC.

With staff experiences of 20 years in the Oil and Gas industry, our land surveying services include, but are not limited to: boundary, well and unit staking, pipeline, topographic, roadway and staking, 3D laser scanning, and construction.

Website: bartonsurveying.com

Baztech Ltd

Baztech provides Inspection and NDT, QA/QC, Third party surveillance, Expediting, Consultancy, Rental, Lifting, Subsea, Drilling/Completions, Casings and Tubings, Manufacturing services. Baztech Ltd is headquartered in Aberdeen, United Kingdom

Website: www.baztechltd.com

Beijing Tripod International Trade Co.,Ltd

Our company mainly engaged in oil equipment, mining equipment, complete sets of machinery, building materials and other products in the import and export trade, international engineering bidding, project and other international cooperation.

Website: www.zdyk.net

Bespoke Wells Team

We are the Management, Engineering and Supervisory team able to take a wells project from the earliest stages of conceptual engineering design through to completion and testing/production.

Website: bespokewellsteam.com

BexonAllomax

BexonAllomax is a Well Operations and Personnel subcontracting service, working with operating companies in the upstream oil & gas industry. We specialise in Well Engineering and associated HSE and Supply Chain disciplines.

Website: www.bexonallomax.com

BGP Limited

With many years of experience, BGP is a flagship player in recruitment for the oil and gas industry. You have come to the right place, whether the employment you are looking for is Onshore, Offshore or in the Marine industry.

Website: www.bgplimited.com

Black Gold Coring Solutions Inc.

Black Gold Coring Solutions Inc. is an established service provider specializing in core drilling, core samples, testing and core recovery for companies operating in the oil and gas industry.

Website: www.blackgoldcoring.com

Blade Energy Partners

Blade Energy Partners is an independent research, engineering and project management company focused on delivering challenging projects in a safe and cost effective manner, through intelligent application of innovative technologies.

Website: blade-energy.com

Blevins Oilfield Sales & Service

Blevins Oilfield Sales & Service sells oil field equipment and offers repair services for pneumatic and hydraulic support equipment on drilling rigs. Our sales and repair services are ideal for drilling contractors and drilling rigs.

Website: www.blevinsoilfield.com

Blue Line Drilling

Blue Line Drilling is currently operating four drilling rigs with depth capacities from 2500 to 10,000 feet. We do it better, more efficiently and more profitably for everyone involved,

Website: bluelinedrilling.com/

Bombshell Oil Company

Bombshell Oil Co. is a family owned oil exploration company. We currently own an oil lease of 577 acres of prime oil land in Cumberland County, Kentucky and are inviting you to invest with us.

Website: www.bombshelloil.com

Boreview Services

We are a provider of Measurement While Drilling (MWD) and Logging While Drilling (LWD) services.

Website: www.boreview.com

Brammer Engineering, Inc.

We provide outsourced solutions for E&P companies from Field Optimization Studies to Drilling Project Management to Back office G&A functions. Over 40 years in the upper & lower Gulf Coast Regions.

Website: www.brammer.com

Breitling Oil and Gas

Being an active oil and natural gas exploration and extraction company, Breitling Oil and Gas has carved a niche for itself in the North American region.

Website: www.breitlingoilandgas.com/

Bridgewell Resources

Bridgewell Resources is a producer and or supplier of wood mats, composite mats, steel mats and hybrid wood/composite mats.

Website: www.bridgewellmats.com

Brucemark Petroleum

Brucemark Petroleum, Inc. utilizes independent outside contractors and consultants in the field. We are primarily focused on drilling for oil in the Illinois Basin.

Website: www.brucemarkpetroleum.com

Caledonia Training and Consultancy

Caledonia Training provides the industry with an array of learning courses. Regular training includes IWCF Drilling Well Control, IWCF Well Intervention Pressure Control and IADC WellCap Drilling Well Control.

Website: www.caledoniatraining.com

Calmena Energy Services

An international oilfield services company providing a range of services, including Well Construction Engineering and Planning, Contract Drilling, Directional Drilling, Specialty Wireline, Frac Fluids Management and Equipment Rentals.

Website: www.calmena.com

Canada Rig Mats

Canada Rig Mats has revolutionized the matting industry with their innovative designs that make their mats safer, stronger and more practical. They stress the importance of quality and offer a strong durable mat that will last.

Website: www.rig-mat.ca

Canadian Pressure Control

Canadian Pressure Control (CPC) is an Alberta based business that specializes in low-pressure well environments. We offer competitive pricing and service wells with superior snubbing technologies.

Website: cpcsolutions.ca

Cansco Dubai LLC

At Cansco Dubai integrity is paramount, and through all of our products, services and relationships, we aim to add to the quality, value and safety of our Customers Well Performance.

Website: canscodubai.com

Canyon Machine

We repair and produce hydraulic components and cylinders up to 12 ft in lgth complete with chrome finishing if needed.

Website: www.canyonmachine.com

Cascade Drilling

Cascade is the leading provider of environmental drilling, in situ remediation applications, and high resolution site characterization in the United States.

Website: www.cascade-env.com/

Cascade Drilling

Cascade is the leading provider of environmental drilling, on-site remediation applications, and high resolution site characterization in the United States.

Website: cascade-env.com/locations/cascade-corporate-office-bothell

Caspian Oil Exploration Company

COEC is involved in upstream and downstream of oil & gas industry. COEC owns all necessary equipment for Stimulation and Pumping Services including Chemical Storage Facility

Website: coecglobal.com

CBI Manufacturing

CBI Manufacturing, an innovative manufacturing facility located in Linden, Alberta, is a prominent manufacturer of quality transportation equipment in the oilfield, agricultural, and commercial sectors.

Website: www.cbi-mfg.com/

CCD Energy Services

CCD Energy Services specializes in small to medium horizontal directional drilling projects using both conventional and air hammer methodologies.

Website: www.ccdenergyservices.com

CemFRAC

CemFRAC provides prompt service for long distance hot shots and safety shower unit rentals for use in remote locations.

Website: www.cemfrac.com

CenterPoint Energy Services

MES provides portable natural gas supply via CNG and LNG to customers ranging in size. Our full-service package includes the compression, filling and transportation of natural gas from a remote source to a customer's connection point.

Website: www.centerpointenergy.com/mes

Centrifuge Professionals, LLC

CentriPros is a centrifuge service company located near Paris, Texas. Our company combines over 128 years of centrifuge, controls integration, and process experience within many industrial sectors across the USA.

Website: www.centripros.com

Centrifuges Un-Limited

A fully integrated service company dealing with liquid/solid separation process issues. We are specialists on O.E.M equipment such as Alfa Laval, Westfalia & Mitsubishi. We can provide rental solutions, source spares, P.P.M or reactive repairs worldwide.

Website: www.centrifuges-unlimited.co.uk

CETCO Oilfield Services Company

CETCO Oilfield Services offers unique solutions for both onshore and offshore applications: Water Treatment/Produced Water; Pipeline, Well Testing, Nitrogen & Coiled Tubing Services; Rentals; and Industrial Wastewater Treatment Products.

Website: www.cetcooilfieldservices.com

Challenger International Inc

Challenger International provides all types of drilling equipment - from simple components to entire rig packages. Our team of experts can consult, design, build and integrate any drilling rig for land, offshore and deepwater.

Website: www.challengerintl.com

Chenalord Drilling Supplies

We specialise in drilling, mining and quarry supplies from DTH hammers and bits, shock absorbers and adaptors/cross-over subs to drill tubes. Most common items are available off our shelves.

Website: www.chenalord.com

Chiltern Thrust Bore

Chiltern Thrust Bore Ltd is the UK'S leading specialist 'NO-DIG' contractor, specialising in a range of trenchless applications with a reputation for excellence, reliability and high standards of workmanship.

Website: www.chilternthrustbore.co.uk

Circulation Solutions LLC

Circulation Solutions, LLC is an oil and gas company based in Texas. Our focus is providing a full line of specialty drilling and completion products. Our products and services are applicable to any oil and gas play.

Website: www.circulationsolutions.net

City Electric Motor Company Inc.

Used and new electric motor supplier. Est. 1930. over 4,000 motors in stock in 13 warehouse throughout the USA for fast delivery. Stocking all major manufactures 1- 25,000 HP.

Website: www.cityelectric.co

CK Power

CK Power is the exclusive distributor for John Deere, Isuzu, Kubota, Ford and Wisconsin Continental engines in the Midwest. We are also the exclusive distributor for Kohler generators in sections of the Midwest.

Website: www.ckpower.com

Classic Drilling PNG

Classic Drilling is a 100% PNG operated company, providing a full range of drilling solutions from Hand Augers, Tractor mounted , Heliportable , Skid, Track and Truck Mounted Rigs that are all in country.

Website: www.classicdrilling.com.au

CLLEEN Water and Power

Water treatment solutions for oil and gas drillers. Mobile and stationary water treatment options. ZLD available. Environmentally friendly.

Website: www.waterdesalinationplants.com

Coastal Petroleum Corporation

Coastal Petroleum Corporation "CPC" is an independent producer of crude oil and natural gas, licensed by the State of Pennsylvania as an oil and gas operator and Turnkey Driller.

Website: coastalpetroleumcorporation.com

Coil Chem

At CoilChem, we treat the problems, not the symptoms. With over 80 years combined coil tubing experience, our patented chemicals, patented delivery systems and job design solutions are designed to meet and exceed any requirements.

Website: coilchemllc.com

Continental Production Services, Inc

At Continental Production Services, Inc. provides only the most qualified personnel, which in turn, allows us to provide superior services in order to ensure our clients' needs are fully met.

Website: continentalproductionservices.com

Control Tec

Control Tec Worldwide provides equipment surveys to make a total assessment of all equipment related to blow out prevention.

Website: www.controltec.us

Cornerstone Valve

Specializing in ball & check valves for severe service industry. Manufactured in TX, each valve is tested/fully cycled/verified to API ISO/ANSI standards & customer specs. Our valves outperform in the most extreme conditions so your company can too.

Website: www.cornerstonevalve.com

COSL Drilling Pan-Pacific Ltd

COSL Drilling Pan-Pacific Ltd (CDPL), a subsidiary of China Oilfield Services Ltd (COSL), was set up in 2009 to market and operate COSL's rapidly expanding fleet of offshore drilling units and manage their international Drilling Operations.

Website: www.cosl.com.sg

CRANFIELD ENERGY

Cranfield Energy offers world best-in-class & cost efficient energy solutions in the areas of Drilling & Well maintenance, Environmental Management, Engineering, Inspection Services, Wireline Services & Procurement (Trading)

Website: www.cranfieldenergy.com

Crisco Swabbing Service

Crisco Swabbing & Workover Service Inc. is a locally owned company with 30 years of swabbing and oil experience. We have been manufacturing and selling custom built Swab Rigs for 8 years.

Website: www.criscoswabbing.com

Crossfire, LLC

Integrated oil field services company in the Rocky Mountain Region, Texas, Oklahoma and Louisiana. Well site, pipeline and facilities construction, hydro-vac, reclamation, seeding, roustabout, contract pumpers, and oilfield building construction.

Website: www.crossfire-llc.com

CVI Solutions

CVI Solutions is a leading supplier to the process industries for control valves, regulators and other controls; quick-opening closures for pipelines and process vessels; and other fabricated equipment.

Website: www.cvisolutions.com

Dade Pump and Supply Company

Dade Pump and Supply Company maintains the highest quality of business integrity in the sale and servicing of electrical and mechanical equipment.

Website: www.dadepump.com/

Danbar Drilling Contractors

Danbar Drilling Services Ltd are an independent specialist drilling contractor. We are a family run company, specialising in Land Drilling.

Website: danbardrilling.com

DELTA Group of Companies

DELTA is specialized in technically complex, new-age projects for oil, gas and petrochemical industry and holds 'IADC' membership, ISO 9001:2000, UKAS Quality Management Certification and Quality Management Award 2009.

Website: www.deltagroupco.com

Delve International

Building the world's best slickline and wireline trucks since 2003. Our new facility is located just North of SLC International. Our staff will customize design, manufacture, and delivery of your wireline or slickline truck. Call us 801-295-4900

Website: www.delveusa.com

Detection & Quantification of Oil & Gas

PL14 seismoelectric technology for detection of mobile resistive liquids (oil, gas and fresh water) up to approximately 3000m eliminating the cost and time traditional exploration technology requires.

Website: www.petrolocate.com

DEW Wartungs und Reparatur GmbH

DEW is one of the leading companies on the national/international market for Liner Hanger systems and tubular services. Starting with demand-orientated problem solving over to planning, production, assembly and subsequent services, we are with you.

Website: www.dew-goldenstedt.de

Directional Drilling Automation

AI Driller is an automation company that eliminates human error and inefficiencies by providing self-drilling applications to guarantee best performance and consistency across the entire fleet for oil and gas operators.

Website: <http://aidriller.com>

DMIC Consulting

DMIC Drilling, Completion and Engineering Consultants take great pride in bringing more than just another consulting firm to the Oil and Gas Industry. We place great emphasis on engineering and planning before and after drilling.

Website: www.dmic1.com

Dongying Eternal Petro-Tech Co., Ltd

Dongying Eternal Petro-Tech Co., Ltd specializes in petroleum equipment. All the products are designed and manufactured in accordance with API Specs and relative standards.

Website: www.atterly.com

DOT

Drill on Target Directional Services (DOT) provides expert horizontal and directional drilling consulting services to Western Canada's oil and gas sector.

Website: www.dotdrilling.ca

Downhole Energy

Downhole Energy Ltd was formed in the middle of 2011 in order to develop the next generation of technologies required to economically produce Oil & Gas from today's ageing fields.

Website: downhole-energy.com

Downhole Energy, LLC

Downhole Energy, LLC a subsidiary of Coastal Petroleum is a developmental drilling operator in four Appalachian states along with Montana and Oklahoma. Currently the company has over 2800 infield drill locations for development.

Website: www.downholeenergy.com

DrawWorks

DrawWorks designs, manufactures, and sells a family of circulating, fill-up, and flow-back tools for oilfield tubulars, including casing, tubing, and drill pipe.

Website: www.drawworkslp.com/

DrawWorks LP

Drawworks, L.P. has over 50 years of experience in research and design of down hole tools. We are very knowledgeable in valve and seal technology and are in our third generation of improvement for some of our products.

Website: drawworkslp.com

Drilco Oil and Gas Corporation

Drilco Oil and Gas Corporation is a high-growth oil and natural gas exploration, production and drilling company. Drilco is currently operating multiple projects in the Appalachian Basin of North America. They own and operate 200 wells.

Website: www.drilcooilgas.com

Drill Quip

Highly qualified Technicians to support all models of Top Drives in Rental or sales. Specialist in inspections and recertifications. We are Specialists in Volant CRT's and weCATT Torque Monitoring Systems.

Website: www.drillquip.net

Drilling Equipment : Colcrete Eurodrill

Colcrete Eurodrill leads the way in Ground Engineering with over 60 years Experience in Drilling Equipment.

Website: www.colcrete-eurodrill.com/

Drilling Supply Store

Reverse Circulation (RC), Down The Hole (DTH) and Geothermal hammers, drill bits, pipes

Website: drillingsupplystore.com

DrillScan

DrillScan provides expert services and innovative software to the drilling industry in Directional drilling, Torque & drag & buckling, Drillstring mechanics & Wellbore survey accuracy.

Website: www.drillscan.com

DSI Thru - Tubing Inc

DSI Thru-Tubing is a premium service provider specializing in thru-tubing services. We operate across Western Canada from district offices in Alberta and Saskatchewan. We serve Texas and Oklahoma from our district office in Rosharon, Texas.

Website: www.dsithrutubing.com

DST Australia

DST Australia Pty Ltd is a privately owned, Australian operated company that focuses on providing specialised testing & coring services to the oil and gas industry worldwide.

Website: www.ozdst.com

DTC Energy Group, Inc.

DTC Energy Group is a leading US oilfield consulting firm with a proven track record of providing the right wellsite manager for each job. We take pride in matching the best talent with our client's needs and taking care of our people.

Website: dtenergygroup.com

E&M Specialty

E&M Specialty Company is a leading provider of used drill pipe, used and remanufactured drill collars, used and remanufactured heavy-weight drill pipe, and other related drill string components.

Website: drillpipesupply.com/

E&M Supply Group

E&M Supply Group is a leading provider of used drill pipe, used and remanufactured drill collars, used and remanufactured heavy-weight drill pipe, and other related drill string components.

Website: www.drillpipesupply.com

Eagle Ford Water and Disposal, LLC

Full service Water and Disposal Company. Sourcing of Water, Recycling of Frac Water, Produced Water and Flowback. Solids processing, Cuttings and Pit bottoms removal. Logistical support, Trucking and Website Automation.

Website: www.eagleforddisposal.com

Eagle Rubber and Supply

Eagle Rubber and Supply opened for business in 1988 in Levelland, TX. We specialize in providing V-belts, Sheaves, Hydraulic and Industrial Hose Assemblies, BOP Ram and various items.

Website: www.eaglerubberandsupply.com

Eikos Software Systems

Eikos is a web based project management tool, designed to help manage complex project processes effectively. It has an established track record in helping manage oil and gas drilling projects and defining well construction and management processes.

Website: www.eikossystem.com

Elk Environmental Services

Elk Environmental also provides producers in the Marcellus & Utica Shale industry with transportation and disposal of waste and industrial cleaning services. Elk also supplies emergency response, environmental remediation, waste management & more.

Website: www.elkenv.com

Energy Drilling, LLC

Energy Drilling is a privately owned drilling company operating in the Rocky Mountain region as well as Arizona and Nevada. Formed in 1990 to serve the oil and gas, geothermal and mineral exploration.

Website: www.energydrillingllc.com

Entrac Consulting and Training Services

We are a training and consulting company. We provide consultancy on all aspects of drilling operations including well engineering, well design issues and trouble shooting. We provide training in drilling and petroleum engineering.

Website: www.entrac-petroleum.com

EPSCO Egypt

was established in to provide a broad range of services to the Middle East Oil and Gas industry. Our mission is to understand clients needs and develop effective solution, which satisfy their requirements and serve to meet their challenges.

Website: epsco-egypt.com

EPT International

EPT International is a cutting-edge petroleum-engineering firm that provides consulting services and training courses for the oil and gas industry. We are experts in providing solutions to most major challenges affecting your hydrocarbon assets.

Website: ept-int.com

ERUI Oil & Gas Industrial Supply

integrates thousands of industrial high-quality suppliers to provide diversified products and achieve one-stop procurement relying on the excellent purchasing and marketing network of its parent company, KERUI Group.

Website: mall.erui.com

Eurotech Sp. z o.o.

EUROTECH focus on design and manufacturing of CUSTOM MADE advanced technology products and systems, including oilfield equipment for exploration, stimulation, workover and exploitation natural oil and gas.

Website: www.eurotech.com.pl

EV

EV's innovative camera technology is designed for remote and challenging environments ? down the wellbore, deep subsea, inside pipelines and within production facilities.

Website: www.evcam.com

Evans Energy

Evans Energy provides savvy oil and gas investors with "Turn-Key" services. With over 27 years of exploration, drilling and operating; Evans Energy brings a linked efficiency of services that enhances cost savings across the prospect venture.

Website: www.evansenergyonline.com

Exalo

Exalo is a leading provider of onshore drilling and oilfield services in Central and Eastern Europe.

Website: www.exalo.pl/en/

Expro

Our vision is to be the market leader in well flow management, using the industry's best people, to deliver the highest standards of safety, quality and personalised customer service.

Website: www.exprogroupp.com

Exterran

Exterran is a leading global provider of products and services to the oil & gas industry with decades of experience offering solutions for production, processing, compression, critical process, water treatment, and aftermarket parts and services.

Website: www.exterran.com

FalconRidge Oil Canada Ltd.

The world's most innovative patented, advanced excavation technology. Terra Slicing cuts two perpendicular slices, through casing and cement, deep into formation, using high-pressure abrasive slurry.

Website: www.falconridgeoil.com

Fiberglass Well Systems

Physical specifications, technical information including leaching/adsorption/desorption testing and results. Slotting information including open areas, flow-rates.

Website: www.fiberglasswellsystems.com

Fox Oil Drilling Company

Fox Oil Drilling Company provides contract drilling services and engages in petroleum machinery sales worldwide. Our drilling rigs have a depth capability up to 30,000 feet. Experienced drilling contractor since 1976.

Website: foxoildrilling.weebly.com

Frac-Chem

Frac-Chem offers a comprehensive line of hydraulic fracturing chemicals, cementing chemicals and coil tubing chemicals. Inside the chemical line-up is a complete offering of "green" chemicals. Frac-It with the right chemistry at Frac-Chem.

Website: www.fracchem.com

Fraser Offshore Ltd

FOL is a drilling project management company based in the UK. We provide teams of engineers, offshore supervisors, logistics and other specialists

Website: www.fraseroffshore.com

Friburge Oil & Gas

Friburge is your efficient and cost effective option when looking to procure parts and equipment on time to ensure you meet your production output objectives.

Website: friburge.com

[Geo-Environmental Drilling Company, Inc.](#)

Geo-Environmental Drilling Company, Inc. (GEO) is a Woman-Owned, WBE Certified, Small Business capable of providing a wide range of environmental and geotechnical drilling services

Website: www.geoenv.com

[Geoplex Wireline & Drilling Technology Services](#)

Geoplex, a leading provider of Electric Wireline Logging Services, MWD/LWD, Directional Drilling and True North Seeking Gyro Survey in Nigeria and West Africa region.

Website: www.geoplex.com

[Global Chemliquidations Llc](#)

GlobalChemliquidations strives to provide quality products that are manufactured under ISO Standard. Besides, we present comprehensive range of products at most discounted rate while making sure those products are well package and in-time delivery.

Website: www.globalchemliquidations.com

[Global Drilling Solutions Inc](#)

Global Drilling Solutions [GDS] specializes in the supply of equipment and service solutions to the international oil and gas industry. GDS's custom solutions are aimed at helping Customers get the best from their well activities.

Website: www.globaldrillsolutions.com

[Global Oilfield Solutions](#)

Global Oilfield Solutions purpose is to improve petroleum operations internationally and domestically. We strive for excellence in the oilfield industry and are dedicated to improving the industry as our legacy.

Website: www.globaloilfieldsolutions.com

[Global Technical Services Co Ltd](#)

Global Technical Services Co (GTS) is the leading Contactor/ Supplier catering Oil & Energy Petrochemical, Electrical, Communication, Instrumentation, Fire & Gas, Automation & Control, Piping and Engineered Systems & Equipment Industry.

Website: www.gulfgts.com

[GOPE](#)

GOPE has been engaged in oil drilling operations such as oil well development and workover as well as oil services. Meanwhile we're active to buy and sell drilling equipments, also for line pipe and refinery to supply material and turnkey projects.

Website: www.gopeme.org

[GoreVega](#)

GoreVega has an outstanding track record in supplying high quality, well intervention personnel to multi-national oil and gas operators and service companies operating throughout the world.

Website: www.gorevega.com/

Granger Industrial Supply

Drilling accessories are essential to get the best results from your power tools. Grainger has what you need to improve accuracy, speed and safety at the work site.

Website: www.grainger.com

Gratta Oil

Gratta Oil is your source for the highest quality synthetic lubricants for all drilling and industrial applications. These are greases, motor oils, gear lubes, transmission fluids and fluids analysis.

Website: www.grattaoil.com

Great Basin Petroleum Services

Workover rigs, consulting services, and kill truck services.

Website: www.greatbasinpetroleum.com

Greka Drilling

Greka Drilling is the largest independent provider of unconventional gas drilling services in Asia, specialized in directional drilling. Our mission is to help our clients extract unconventional gas in the most cost-efficient and safe manner.

Website: www.grekadrilling.com/

Grup Servicii Petroliere SA (GSP)

GSP is an offshore services operating company, providing integrated services in the following business areas: drilling, well services, shipping, offshore construction, subsea services, hydro-technical construction, engineering, training.

Website: www.gspoffshore.com

GTC Oilfield Services Pvt. Ltd.

GTC Oil Field Services Pvt. Ltd. provides onshore Workover and Drilling rigs to public and private E&P operators, O & M services, equipment rentals and comprehensive rig transportation and logistic services along with Gas Compression services.

Website: www.gtcoilfield.com/

Gulf Coast Centrifuge

We offer design, construction, repair and rental of Centrifuges, Shakers, VFD's and Tungsten Carbide Tiles

Website: www.gulfcoastcentrifuge.com

Gusher Oilfield Construction

Gusher Oilfield Services LLC is a full service oilfield construction company. As a landowner and an oilfield construction company, we take a proactive approach in achieving satisfaction with our valued alliances while business relationships prosper.

Website: www.oilfield-construction.com

H2Oil Services SRL

H2Oil offers complete well testing, workover and completions solutions. H2Oil provides our customers with a complete service to support their well tests and completions activities

Website: www.h2oil.co.uk

Halco Rock Tools

Halco Rock Tools Ltd is a leader in the design, manufacture, servicing and repair of Down-the-Hole (DTH) percussive rock drilling products. Halco pioneered the development and distribution of DTH hammers in the 1950s.

Website: www.halcorocktools.com

Halliburton Company

Founded in 1919, Halliburton is one of the world's largest providers of products and services to the energy industry.

Website: www.halliburton.com

Hamdon Wellstie Solutions

Hamdon is a privately held company that focuses on oil and gas well optimization and production engineering.

Website: www.hamdon.net/

Hastealloy bars manufacturer

Om Steel Industries is leading Hastealloy B 2, B 3, C2000, C22, C276 Alloy Bars, Pipes Suppliers from India. We provide best quality of material with variety of grades, shapes and sizes globally as per customer requirements

Website: omsteel.com/hastealloy-bar-pipe-plate-supplier/

HCM Marine Constructions Pvt. Ltd.

HCM Marine Construction Pvt. Ltd. specializes in various Underwater Marine Constructions Like Dry Dock, Jetties, Underwater Drilling and Blasting

Website: www.hcmindia.com

Helix Energy Solutions Group

Helix Energy Solutions Group is an international offshore energy company that provides specialty services to the offshore energy industry, with a focus on our growing well intervention and robotics operations.

Website: www.helixesg.com

Highland Resources Global Trading

Highland Resources Global Trading is a worldwide product sourcing and trading company with special focus on delivering only the best products, services and new technologies. We are your gateway to promote your business throughout the world.

Website: www.highlandgt.com

HN Precision

75 years experience with over 175 CNC machines to precision machine parts used in all phases of the oil and gas business.

Website: www.hnprecision.com

Horizon Wellhead

Horizon specializes in the manufacture and distribution of Surface Wellhead Equipment for the Oil and Gas Drilling and Production industry. (Wellhead, spacer spool, Goathead and DSA)

Website: horizonwellheadllc.com

Horizontal Well Drill Stem Testing Company

This is a unique, drill pipe / tubing deployed, wireline controlled, straddle inflate system. We are the first to provide a 'light intervention' evaluation tool for horizontal well bore logging and testing.

Website: www.horizontalwelltesting.com

Houston Motor & Control, Inc

HMC is a Master Distributor for 36 yrs of several lines of motors, starters and drives such as; WEG,TECO-Westinghouse, Brook, Leeson, Marathon, Baldor, Sprecher + Schuh, & many more. We stock over \$800K in our facility in Houston.

Website: www.motor-hmc.com

How Rubber Inc

We provide hoses, valves, pipes, tubing, industrial, and hydraulic fittings

Website: howrubber.org

HYTORC

HYTORC Central provides the most advanced Hydraulic & Pneumatic Torque & Tension Equipment for all industrial applications. Sales, Rentals, Service & Support.

Website: www.hytorccentral.com

Ibex Oil Exploration Services Ltd

Ibex Oil Exploration Services Ltd is a new concept in international rig moves, specialising in the delivery of land rigs, casing, chemicals and camp. We are a unique one-stop shop for moving your equipment, from first planning to final delivery.

Website: ibexoilex.com

Independent Oil Tools

Independent Oil Tools Pty Ltd (IOT) is committed to providing our customers with the highest quality OCTG services, value added project management systems and dedicated support.

Website: www.iotservices.com.au

Innovative Battery Solutions

Extreme environment lithium battery packs for use in down hole applications. Precision components fabrication.

Website: www.innovativebatterysolutions.com

Integra Group

INTEGRA is a leading FSU-based independent diversified oilfield services provider and is also a manufacturer of specialized equipment used in the exploration, development and production of oil and gas. The company employs over 15,000 people

Website: www.integra.ru

Integrated Equipment

Integrated Equipment, Inc, based in Houston, Texas, designs, manufactures and distributes equipment used in the drilling and production of oil and gas worldwide.

Website: www.integratedequipment.com

Integrated Equipment Inc.

Serving the Oil And Gas Industry Worldwide, Integrated Equipment Offers An Extensive Range Of Pressure And Flow Control Equipment.

Website: www.integratedequipment.com

International Oilfield Training Solutions Ltd

IOTS Provides Oilfield Training in 3 Canadian Locations. Calgary AB, St, Johns NL and Kelowna BC. We offer IWCF Well Control in both API and SI Units, all levels. Also Offered: Stuck Pipe Freeing Techniques, IADC Rig Pass and more

Website: www.iwcfcanada.com/

Intertek Consulting & Training

Intertek is the recognized leader in Well Control training and HSE consulting solutions. Our HSE consultative process helps companies address key drivers to ensure a safe and productive workplace.

Website: www.intertek.com

Irish Sea Contractors

A leading Irish based provider of underwater engineering solutions to the marine contracting industry. A young, innovative organisation with knowledge & experience, our personnel have provided global underwater engineering services since 1984.

Website: www.irishseacontractors.com

Jainson Submersible Pump Cables

'JAINSON' is ISO 9001-2000 certified manufacturers and exporters of SUBMERSIBLE PUMP CABLES, As per International standard like BS, UL, VDE, HD, CEI etc. or as per your specification.

Website: www.jainsoncables.com

JAMCO Sales & Services

We offer unique and innovative solutions for trapping-removing harmful metal shavings from drilling mud. The Jamco Ditch Magnet the most effective means of trapping-removing metal particles from the drilling mud that the shaleshaker will not get.

Website: www.jamcoonline.com

Jason Oil & Gas Equipment

We are global leading manufacturer for Oil & Gas Well Equipments and component in U.S.A. We carry equipments such as Triplex & Quintuplex Plunger Pumps, High Pressure Manifolds, Brakes, BOP & Stripers, Injector Heads, Pipe Handling System etc

Website: www.jasonoandg.com

Javeler Construction Co., Inc

IS YOUR RIG STUCK? Let our agitation end yours!. Applications: REMOVING STUCK RIG LEGS, Pipeline Burial/Retrieval, Deep Water Dredging, Subsea Excavation, Barge Unloading, Hazardous Removal; Decommissioning; Dredge out piles,

Website: www.javeler.com

Jebens Petroleum Engineering

JPE provides expertise to completion, stimulation, reservoir, and operations to oil and gas industry while ambitious to optimize safety, cost, and reserves.

Website: jpepetro.com

JerryMetals Group

drill collars (4145H Mod./Non mag), drill pipes, HWDP, Kellys (welded/Integral), stabilizers, hole opener, roller reamer, TRS (handling tools; power tong, bucking unit), drilling jars, drill bits, wellhead equipments, fishing tools, subs, etc

Jobs For Helicopters - Helicopter Contracting

Need a helicopter? Post it with us and we'll bring you the operators. Post your oil & gas, mining, and exploration jobs requiring a helicopter with us and we'll bring the helicopter operators to you.

Website: www.jobs4helicopters.com

Katch Kan

Katch Kan is an ISO 9001, 14001, and COR certified company that provides Rig Safety and Zero Spill systems for the oil industry; improving safety, environmental stewardship, and operational savings. Visit www.katchkan.com to find out more.

Website: www.katchkan.com

Kayden Industries

Kayden's contribution to the solids control business is our 15 years of industry-leading product and service innovation. We are the experts, and our continual innovation has resulted in the industry's biggest, strongest and most reliable equipment.

Website: www.kaydenindustries.com

KAZTEC ENGINEERING LIMITED

We seek leadership in the fabrication of drilling and production platforms, as well as other specialized structures in the oil and gas industry which include provision of full range of design, construction and maintenance services to our clients.

Website: www.kaztec-eng.com

Kelford Energy, LLC.

Kelford Energy LLC provides more than a dozen services, ranging from drilling to completions as well as a wide variety of rental products.

Website: www.kelfordllc.com

KingWell Resources

KingWell Resources provides technically expert, dependable drilling people to upstream operations on an international scale.

Website: www.kingwellresources.com

Krish Drill-Chem

Drilling Fluids custom blending, manufacturing, private labeling and global supply.

Website: mudblendpc.com

Lafayette Paleo Labs, Inc.

Wet and dry well sample preparation and storage; hot shot service; well data packages from U.S. Gulf Coast region.

Website: www.lafayettepaleo.com

Lafayette Signs Safety & Rig signs

Lafayette Signs, making safety signs, rig signs, pipe line signs. Anything sign you need, we can supply.

Website: www.lafayettelasigns.com

Libera Group

Libera is a specialist Well Engineering and Projects Company headquartered in Dubai. The company offers a wide range of Engineering and Project Management services throughout the Drilling Life-cycle.

Website: www.liberagroup.com

Logiscient

To provide the most efficient tool to collect, analyze and share information with all members of a well project team including regulatory agencies.

Website: www.logiscient.com

Lone Star Bit

Today, Lone Star bit has grown into the premier manufacturer drag bits, blade bits, mining, water well, construction, and custom drill bits.

Website: www.lonestarbit.com

LoneStar Energy Fabrication

LoneStar Energy Fabrication has extensive experience in the fabrication, rig-up and design of offshore rigs, land rigs, oilfield components, offshore buildings, helidecks and modular living quarters for the oil and gas industry.

Website: lenergyfabrication.com

Longevity Coatings

Longevity Coatings specializes in thermal spray coatings of metal, carbide and ceramics. Provides protective coatings for wellhead equipment

Website: www.longevitycoatings.com

LTEC

LEO TIDWELL EXCAVATING CORPORATION specializes in underground telephone, gas and power substructure placement.

Website: www.tidwellcompanies.com

Machine Specialty & Manufacturing, Inc.

Machine Specialty & Manufacturing, Inc., an API Spec 6A licensed facility, prides itself as being an organization dedicated to providing quality products and services to the petroleum industry for over 25 years.

Website: www.machine-specialty.com

Marquis Alliance

Marquis Alliance is a leader in drilling fluid products, services and processes, from project conception to completion including an environmental and solids control division.

Website: marquisalliance.com/

Matrix Composites & Engineering

Offshore: Capital Drilling Equipment & Offshore Services, SURF Products & Subsea Solutions, Well Construction Products

Website: www.matrixengineered.com

Matrix Drilling Fluids Ltd.

Formed in May 2004, Matrix Drilling Fluids Ltd. strives to exceed our client's expectations. We provide superior service from the initial well program and field service through to our end of well recap.

Website: www.matrixdrillingfluids.com

Maverick Flow Testing

Maverick FlowTesting is a rapidly expanding company offering well testing and flow back services. Combining over 15 years of experience as operators in the industry, we are assured you will be a satisfied customer.

Website: www.maverickflowtesting.com

Maximus Completion Systems

Maximus Completion System? is a Supplier & Manufacturer of oilfield tools, we design, manufacture, outsource and supply to the worldwide oil and gas industry with superior completion solutions that our client trusts.

Website: maximuscompletions.com

McAda Fluids Heating

The Leader in Frac Fluids Heating. We offer the most modern fleet and expert service 24/7. Frac Tank Heating, Water Pit Heating and Heating Fluids on the Fly.

Website: mcadafluidsheating.com

Meridian Ocean Services

Meridian Ocean Services (MOS) specializes in subsea inspections utilizing Micro-ROV technologies; providing a cost effective and safer alternative to a diver based inspection.

Website: www.meridianocean.com

Merlin ERD Limited

Engineering, Training and Rig Supervision services. Specialising in Extended Reach drilling, high angle and horizontal wells. Making uneconomic opportunities viable.

Website: www.merlinerd.com

MGPalaeo Ltd

MGPalaeo (formally Morgan-Goodall Palaeo) are leading geological and stratigraphical consultants, and have been servicing the Australasian oil and gas industry since 1983. Our biozonation scheme is the industry standard across Australia.

Website: www.mgpalaeo.com.au

Micro-Bac International, Inc.

Micro-Bac International has lead the industry in providing the most natural solutions for effective environmental clean-up with it's bacterial bio-remediation products.

Website: www.micro-bac.com

Milam Tool Company

Milam Tool Company and TK Systems merged to supply drilling and production companies with centralizers (solid, inline, Bow), Production Chemicals, Torque and Drag Reduction Agents, and Biological Remediation Products

Website: milamtool.com

Millennium Exploration Co

Millennium Exploration Company, LLC is an industry leading oil and gas exploration company located in San Antonio, Texas. Call us today to schedule a land surveyor to come out to your property and assess your natural resources.

Website: millenniumexpco.com/

Mitchell Equipment Hire Pty Ltd

Mitchell Group specialises in the development and operation of port infrastructure, the delivery of unconventional energy outcomes, and the hire of drilling-related equipment.

Website: www.mitchellgroup.net

Moorhouse Drilling & Completions

Information and site for Moorhouse Drilling & Completions, a UK based consultancy company specialising in land work in the UK and Europe.

Website: www.mdc.co.uk

National Petroleum Services

The site provides detailed informaton about the business in Oil, Gas & Petrochemical Sector and the detailed information about our contractual business in providing Professional Manpower services to our valued clients in the Middle East.

Website: npsintl.com

National Petroleum Services Company

National Petroleum Services Company (NAPESCO) was Established in 1993 to provide a broad range of services to the Middle East Environmental, Oil and Gas industries.

Website: www.napesco.com

Nauticlean Solutions

Nauticlean Solutions is a Louisiana family owned business. Manufacturing and providing only premium biodegradable degreasers to the oil, gas, marine, and industrial sectors.

Website: www.nauticleansolutions.com

NeoProducts

NeoProducts offers well intervention products and services to the Global Oil Industry. Some products are tried and proven, while other products are new novel technologies that provide significant value and benefits to the Global Oil Industry.

Website: neoproducts.net

Nine Energy Service

Nine Energy Service is a completions and wireline company with experience in major North American basins, and a deep commitment to serving clients with smarter, customized answers and world-class resources.

Website: nineenergyservice.com

Norscot Oil & Gas

Norscot provides advanced technology & services including manpower support primarily for Upstream sector of Oil & Gas Industry.

Website: www.norscot.net/index.html

Norwell

Founded 1989, Norwell are the longest running drilling project management group and well engineering consultancy in Europe and have project managed operations in 35 countries worldwide, providing engineering support and troubleshooting in many more.

Website: www.norwellengineering.com

NOV Portable Power

The NOV Portable Power group has a highly trained technical service team consisting of mechanics and electricians. This staff is available to the oil and gas industry.

Website: www.nov.com/portablepower/

NOVA Downhole Technology Inc

NOVA Downhole Technology offers both manned and unmanned positive pulse LWD rental equipment to directional drilling service companies.

Website: www.novadownholetech.com/

OCMA DrillTech

OCMA Drilltech is an Italian Company specialized in the production of Down the hole hammers, Stabilized DTH Hammers, shock absorbers for DTH Hammers, Adapters, drill bit, Not return Valves and drilling equipment.

Website: www.ocmasrl.com

OCS RUST-X

OCS RUST-X specializes in asset preservation during lay-up in the most efficient, professional and cost effective approach possible. Our Solutions are designed for long term protection using the latest VCI technologies and solutions available.

Oil & Gas Total Loadout Assessment Services

OGS provides Equipment & Materials QA/QC & Load-out Assessments to the Oilfield Industry based in Perth. OGS builds personal relationships and maintains incredible communication with their Clients and Third Party Service Providers.

Website: ogs.net.au

Oil Consultants Ltd

Oil Consultants represents 100's of independent engineers and technical consultants, mainly in well services, drilling and completions. We are big enough to meet most clients' requirements and small enough to keep the personal touch.

Website: oc99.com

Oil Consultants Ltd

Oilconsultants Ltd provide engineering consultancy services and contract personnel to clients involved in the upstream oil sector exploration & production.

Website: www.oc99.com/

Oil Field Products specialising in Ditch Magnets

We're an independent company which provides Magnetic products & services to Operators & Drilling Contractors. Our range of patented magnetic systems are unique and provide outstanding performance for use in all Oil and Gas drilling applications.

Website: www.romarinternational.co.uk

Oil Gates J & G Security

Oilfield and gas industries gate guard service. We tailor our operation to individual site and company needs. We offer basic gate guard service and more for the oil and gas industries. We specialize in QUICK DEPLOYMENT.

Website: oilgates.com

Oilfield Equipment Rebuilders

OER rebuilds all types of mud pumps, frac units, rotary tables, swivels, hook & blocks, and components. We also buy, sell, and service these's type of equipment Free pick up and delivery, Fast and reliable turn-around time, and all work is warranty

Website: www.oilfieldrebuilders.com

Omni Compressed Air, Ltd.

We are a service company that provides compressed air for the oil and gas industry. We supply air drilling packages and foam units along with experienced operators. Nitrogen generator coming in early 2009.

Website: www.omnicompressedair.com/

Omron Oilfield & Marine, Inc.

Omron Oilfield & Marine provides innovative drilling products, driller's cabins, power houses, field service, parts sales, and customer training on AC generator line-up, controls system, SCR drive line-up, top drive line-up, and VFD line-up.

Website: www.oilfield.omron.com

OpsMobil

30 years in Energy, Construction and Aviation: Production & Asset Management of O&G facilities, Production Operations, Pipeline Surveillance & Integrity, Industrial Construction, Facility Inspections, Charter Aviation, Aerial Spraying & Surveillance.

Website: www.opsmobil.com

ORS

ORS supplies best-in-class Drilling Fluids and Completion products, in addition to a complete line of solids control & drilling equipment

Website: www.ors-group.com

OSP

OSP offers high-level technical expertise and unparalleled access to application experience, support, product recommendations and on-site services for microbial monitoring and control for energy and industrial applications.

Website: www.osplifecheck.com

ParaSolve Canada - Paraffin Wax & Asphaltene

Oil Well Servicing, Paraffin Wax & Asphaltene removal. ParaSolve is a unique ecofriendly and bio-based product that eliminates downtime and protects employee safety.

Website: www.parasolvecanada.ca

Parts Un-Ltd

Parts Un-Ltd., founded in 1987, is one of the world's largest independent wholesale distributors of Allison, Detroit Diesel, Terex and Euclid parts and components.

Website: partsunltd.com

Pelcatch

Pelcatch products, SUCK IT UP 100% Natural Absorbents for solids control. Water and oil based drilling fluid, lost circulation needs and spill control.

Website: www.pelcatch.com

Performance Directional Services, LLC.

PDS is a full service Directional company with many new products and services, Xcaliber motors, Isys MWD/LWD Tools, Winc (Survey on Connection) Tools, Well Planning and Extended Reach Engineering.

Website: www.pdsdrilling.com

Petro Well Services

Petro Well Services have a full service range available for the operator, from well planning and analysis to operation. From an in-house Engineering department for technology development and adaptation, Petro Well Services can deliver:

Website: www.pws-global.com

Petroleum Elastomers

Rubber to fit most ram-type BOP's including Cameron, & Shaffer. Fastest turn-around service in the world. Products tested and meet API 16A. Spherical elements, and a superb stripper packer. Excellent H2S, CO2, & high-temp compounds. On-call 24/7/365.

Website: petroleum-elastomers.com

Petroleum Oil Tools

Petroleum Oil Tools is a worldwide rebuilder of top name blowout preventers, bop control systems, as well as a supplier of blowout preventer spare parts. Our BOP units are rebuilt to API safety standards and specifications before being sold.

Website: bopspareparts.com

Petroleum Services Company

Petroleum Services Company Positioned among the Middle East most competitive global energy companies. Headquartered in The Kingdom Of Saudi Arabia and active worldwide, it is engaged in every aspect of the oil and gas industry

Website: www.pesco.com.sa

Petron Services

Petron Oil Field Services FZE is specialized in OCTG Inspection, adhering to International standards of inspection such as DS 1, API RP-7G II and NS 2.

Website: www.petronservices.com

Phoenix B.O.P. Products

Phoenix B.O.P. Products supplies after-market blowout preventer replacement parts. Our product line currently includes large number of after-market replacement parts for annular, ram and spherical blowout preventers of many makes and manufacturers.

Website: www.phoenixbop.com/

Pin Torque

Pin Torque has the newest improved and complete one package Entry Tool in the Oil Industry, for Pipe recovery, or Gyro needs.

Website: pintorque.com

Pioneer Oil Field Services, LLC.

Pioneer Oil Field Services, LLC is a contract driller for oil and natural gas wells in the Illinois Basin. We specialize in directional and horizontal drilling.

Website: pioneeroilfieldservices.net/

Pitbull Casing

From the smallest to the largest casing strings, Pitbull Casing utilizes a wide range of the latest hydraulic, pneumatic, and manual handling systems to perform the job safely and efficiently.

Website: www.pitbullcasing.com
